Property Description

The Baixa area, also known as downtown Lisbon, is located in the heart of the city and stretches from the Rossio Square down to the riverfront.

This neighborhood is the result of a complete reconstruction project led by Marquis de Pombal after the earthquake of 1755. Each street is still named after the trades that once defined them. Most of its actual buildings are also from the late XVIII century and still keep original traits.

Baixa has been going through some significant renovations which made of this neighborhood one of the most attractive areas to invest and to enjoy.

This particular apartment is located in this neighborhood and was just refurbished.

It features a bright living room with an original painted ceiling, 2 suites, 2 bathrooms and an open fully equipped kitchen. The floors are all in pine wood and so are the shutters.

With this location and these finishes, this property is an incredible investment opportunity.
