Property Description

The Baixa area, also known as downtown Lisbon, is located in the heart of the city and stretches from the Rossio Square down to the riverfront.

This neighborhood is the result of a complete reconstruction project led by Marquis de Pombal after the earthquake of 1755. Each street is still named after the trades that once defined them. Most of its actual buildings are also from the late XVIII century and still keep original traits.

Baixa has been going through some significant renovations which made of this neighborhood one of the most attractive areas to invest and to enjoy.

This particular apartment is located in the heart of Baixa. It was refurbished and it features one ample living room, a fully equipped kitchen, a bathroom and a bedroom.
