Property Description

This ground-floor commercial unit is very difficult to miss.

Located on the busiest roundabout in Lagos and inserted into a building with multiple other company shop fronts, this property offers excellent brand exposure.

With a full glass front that can be heavily branded for passing pedestrians and traffic, this property would immediately put your (or its occupant's) business on the map.

The unit also has a back-facing entrance which creates more opportunities for both advertisement and accessibility for clients.

Free and easy parking is close by and the unit is complete with WC, storage room, and air conditioning.

Investors will have no problem finding secure and long-term tenents and yield returns would be favorable given the size and location.

Please ask Portugal Homes for advice on how to package this property into a Golden Visa-eligible Investment
