Property Description

Bairro Alto, also known as the **Upper District**, is a vibrant and captivating neighbourhood in **Lisbon.**

Steeped in history, it was originally inhabited by Lisbon’s aristocracy but has now transformed into a popular area with tourists and locals alike. Currently the area is welcoming artists and families whilst holding on to it's identity as one of the places to be in the evenings.

Just a few minute's walk from the iconic Praca Luis de Camoes, where even the most avid of people watcher's would struggle to keep up, and on the cusp of Chiado's best shops, the intriguing beauty of Principe Real, the World famous trams of Elevador da Bica and Elevador de Gloria. Most of what Lisbon has to offer are right here on the doorstep.

The metro station is 3 minutes walk on Praca Luis de Camoes and the train station connecting to the beautiful beaches of Cascais and the forests and castles of Sintra (25 minutes) is within a 10 minute's walk.

The apartment is situated on a traditional cobblestone street and within a building reminiscent of the time of build. Thick stone walls keep the heat at bay effectively during the peak Summer months.

A few stairs and the entrance to the apartment reveals the charming living room with twin French doors (double glazed) opening streetside and allowing plenty of natural light to flourish. The wood floors add character to this comfortable and spacious lounge.

The kitchen implements a breakfast bar that adds a division from the cooking and dining areas and is stylish and modern. The water heater is new. The window provides natural light and ensures air flow.

Upstairs on the 2nd floor of this duplex is a splendid bathroom with skylight and separate shower and bathtub.

The bedroom is at the back of the building, away from the street and offers cosy sleeping quarters and is comfortably large enough for a desk also. There is also a skylight as well as the window for light and circulation.

This apartment suits young professionals as an ideal starter home or serves excellently as an investment property within the thriving Lisbon rental market. Indeed with the arrival of Lisbon as Europe's new tech capital there has recently been a new market created in the form of digital nomads who demand city living and transport connections.
