Property Description

Fabulous property with a unique design in a privileged front-line golf plot in Vilamoura.

This contemporary property comprises 3 levels, basement - ground floor - 1st floor, with the bedrooms located on the ground floor and 1st floor and all en-suite and each with access to a balcony. Also on the ground floor is a stunning kitchen imported directly from Italy and a dining room with large glass walls that lead out onto the pool and BBQ area. These large glass walls can be found all over the property however, this is obviously achieved by great architecture and design, allowing for optimal sun exposure and natural light throughout the villa and also taking in the views without compromising privacy.

In the basement, you can find the laundry room and a spacious garage as well as plenty of space to create a games room or cinema room.

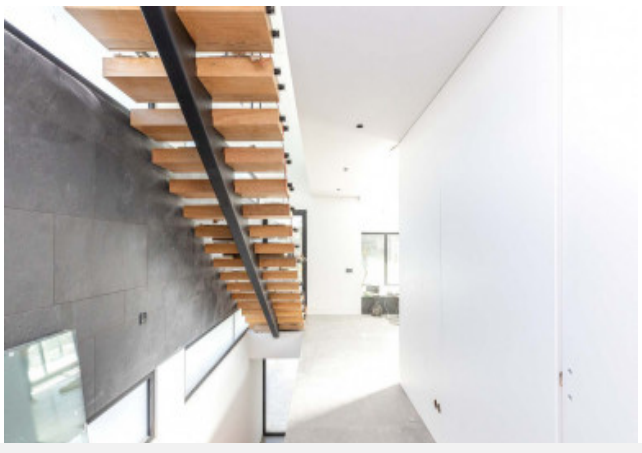

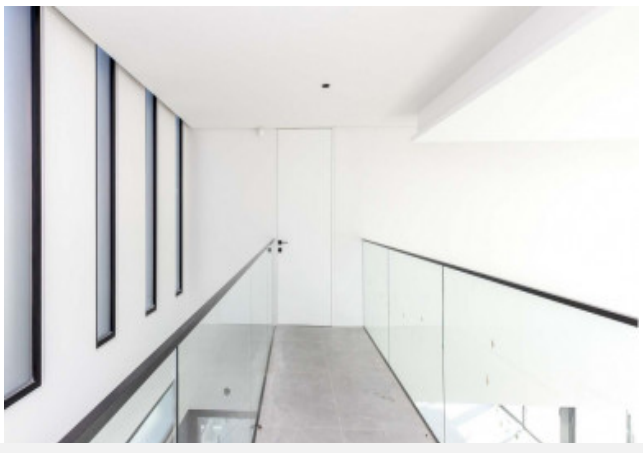

This property has a high attention to detail both in design as well as in the materials used throughout which is very noticeable the minute you step in the front door. Details include smart digital light switches a domotic system, central air conditioning, electric shutters and the list goes on.
