Property Description

This is Faro’s largest and most luxurious - close to 400 m2 - penthouse with 7 bedrooms, 5 bathrooms and one guest toilet, a superb living room, separate dining room, 2 kitchens, and a breathtaking sea view terrace, distributed over 3 floors with three indoor parking places and two storage rooms. Try that in New York, or in Paris, or in Hong Kong. And yet these styles are reflected in this royal environment.

In 2022 the entire apartment was re-equipped with advanced materials such as electrical floor heating, electrical screens, refined large-size tiled floors, wifi, solar panel. World news can be followed from all rooms.

Around 18m2 of sliding glass doors separate the living room - with open fire - from the most unique and undisturbed view on the Ria Formosa. It’s tidal movements attract thousands of different birds offering you a flying circus each day. A classical yet advanced two-sided bookcase provides access to the dining room with a particularly fairytale-like city-view by night.

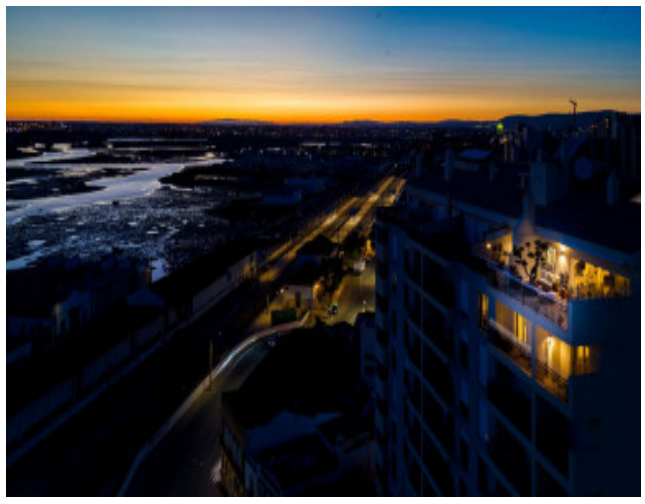

From this middle floor - reached by two elevators for only two super apartments - an impressive internal wooden staircase brings you both up and down. Up: to a very large study annex bedroom with its own bathroom. And down: to three en-suite bedrooms and bathrooms and two bedrooms with a shared bathroom. One bedroom has been changed into a properly cooled 2.000 wine bottles ‘cellar’. Each of these rooms have their own balcony.
But true romance is in the spacious master bedroom with walk-in closet; a double showered bathroom; and its own terrace for rather private sunbathing and breakfasts. This private terrace is served through a kitchenette with fridge and oven/microwave.

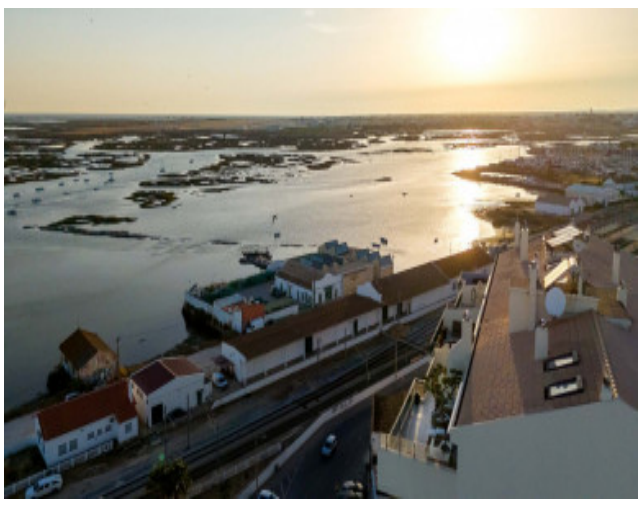

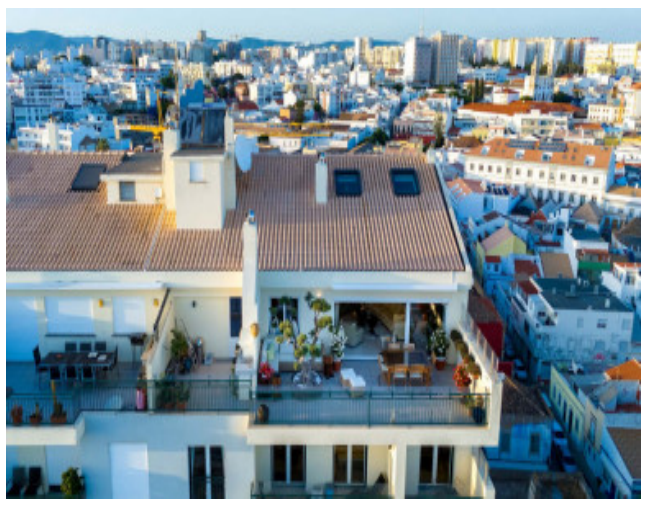

The current owners have lived and worked in tens of countries in all world regions. That internationality stays in this unique penthouse as the owners return to their father’s land. They look forward to meet you soon.
