Property Description

Campo Novo.

It's new.

It's yours

Located in Campo Grande, Lisbon, Campo Novo is the construction of a more sustainable life in Lisbon city centre.

The project is divided into three residential blocks, four office buildings and a commercial corridor.

Altogether, it comprises 135 1 to 4-bedroom apartments and areas from 54 to 214 sqm, all with plenty of natural light, balconies, parking and storage areas.

The apartments are extremely comfortable, featuring modern finishes.

More than just a set of buildings, Campo Novo is a sustainable ecosystem of its own, with a playground, shops, cafés, restaurants, and offices.

It stands out for its luxury proposal in every detail: heated indoor swimming pool, rooftop, parking with charging station for electric vehicles, and a gym.

Campo Novo is located in Campo Grande, one of the most central areas of greater Lisbon, with a wide range of shops, 10 minutes from Cidade Universitária and the equestrian centre.

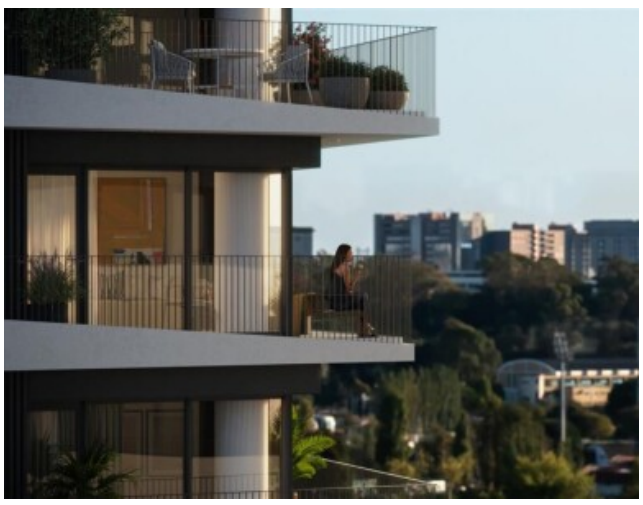

It is within a short walking distance of several schools, health clinics and the famous Campo Grande garden.

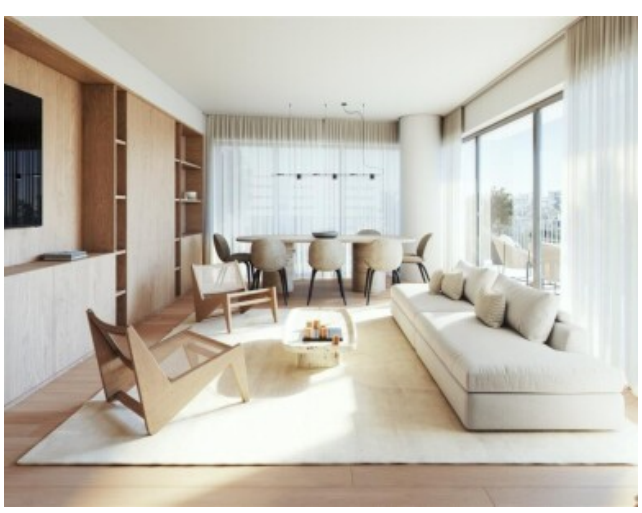

It also benefits from excellent road access, being close to Segunda Circular and a vast transport network, namely the underground station (green and yellow lines).

Campo Novo is here to rejuvenate Lisbon with a sustainable and cosmopolitan lifestyle.
