Property Description

4 bedroom villa for sale in Sintra with 430 m2 of interior area, set in a plot of 643 m2, fully renovated and spread over four floors.

This property is distinguished by the combination of spaciousness, comfort and a unique natural environment, in a central and quiet area of Sintra, ideal for those looking for privacy without giving up proximity to services and access.

On the ground floor, the house opens onto a garden that surrounds the entire house, creating a fluid connection between interior and exterior.
The social area consists of a large living room with an open space kitchen, designed for conviviality and day-to-day functionality. On this floor there is also a generously sized library, perfect as a reading space or office, and a guest bathroom.

On the upper floor is located the most reserved area of the house, with a master suite that stands out for its large closet, offering organisation and comfort, and a second suite with well-proportioned areas.

The attic has been used efficiently, being divided into two bright bedrooms that share a full bathroom, making this floor ideal for family or guest rooms.

The basement adds a differentiating dimension to the property, with spaces dedicated to leisure and well-being. Here we find a wine cellar, a cinema room, a sauna and a full bathroom, creating a true refuge indoors.

Inside the property there is space for parking several cars.

The open views over the Sintra mountains reinforce the special character of this villa, providing an experience of living in permanent contact with nature, just minutes from the historic centre, schools, local shops and main road accesses.

A unique opportunity to live Sintra with space, comfort and quality of life.
