Property Description

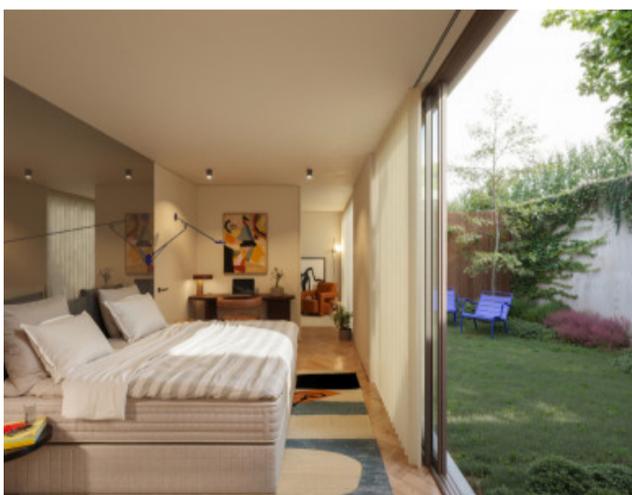

Matsu is an exclusive residential development located in the heart of Porto, next to Avenida da Boavista.

With a contemporary concept, the project is distinguished by its minimalist and elegant architecture, which combines modern lines with natural materials, such as wood, creating a balanced and timeless environment.

Composed of T1 apartments, Matsu was developed to provide comfort, functionality and quality of life. Each flat features a careful design, high standard finishes and solutions that enhance natural light. The rigor in construction and attention to detail are reflected in all areas, resulting in a housing experience of excellence.

Its privileged location offers the ideal balance between the tranquillity of a residential area and the advantage of being close to the main arteries of the city, with easy access to transport, commerce, services and cultural spaces, making Matsu a reference choice for those looking to experience Porto with comfort and sophistication.
