Property Description

Bellevue is the new residential development in Cascais that redefines the concept of living by the sea, combining contemporary architecture, privacy and an open and permanent view over the Bay of Cascais.

Located in an elevated and reserved area, Bellevue benefits from exceptional sun exposure and a unique natural setting, providing a calm, bright and sophisticated lifestyle, just minutes from the centre of Cascais, the beaches and the main accesses.

The project consists of only 14 residential units, spread over two blocks, with typologies T2 to T4, including Garden Apartments, Terrace Apartments and Penthouses, all with large outdoor spaces — terraces, gardens and private pools, depending on the typology with sea view of all fractions.

Signed by the architecture studio ARX, Bellevue is distinguished by an elegant and timeless architectural language, where the interiors privilege generous areas, functional layouts, high quality finishes and a strong connection between indoor and outdoor spaces.

The condominium also offers a set of amenities designed for daily well-being, including a communal pool, gym, private parking and storage rooms, ensuring comfort, safety and exclusivity.

Bellevue represents a rare opportunity to access a truly differentiated project in the Cascais market, ideal for both own residence and long-term investment.

Don't miss this opportunity. Request your visit now!
