Property Description

Casas do Sol is the new residential condominium in Estoril with sea views, outdoor pool and private garden.

Composed of three buildings - Avenida, Maestro and Palmeiras - Casas do Sol combines the elegance of heritage rehabilitation with the sophistication of new construction.

Composed of typologies from T2 to T4 and generous areas, the apartments of Casas do Sol were designed to provide comfort, privacy and a bright daily life by the sea.

Casas do Sol also have garage parking and excellent finishes that combine noble materials, contemporary design and attention to detail.

Inside, the harmonious proportions, the fully equipped kitchens and the fluidity of the social spaces, designed for well-being and functionality, stand out.

The buying experience does not end with the choice of house. The Promoter established a partnership with Lavradio Design and hired their services to develop 12 interior decoration projects, one for each house in the project.

Situated in an elevated and quiet area of Estoril, Casas do Sol benefits from open views, wooded surroundings and proximity to beaches, restaurants, golf courses, tennis centres and international schools.
