Property Description

The land is part of an approved Execution Unit and includes a plot of 4,960 sqm, allowing a gross construction area of 3,819.60 sqm.

Located in Mem Martins, in a strategic area of the Lisbon Metropolitan Area, with direct access to the A16 and close proximity to the IC19, between Lisbon, Sintra and Amadora.

Intended for logistics, light industry and services, it is particularly suitable for urban distribution operations, warehousing, business activities and last-mile logistics.
