Property Description

Cozy 3-bedroom apartment with stunning views of the Tagus in Ajuda.

We present this cozy and well-distributed apartment, located in one of the most peaceful and authentic residential areas of Lisbon — Ajuda, just a 3-minute walk from the National Palace of Ajuda. The property has three bedrooms, two of which offer privileged views over the Tagus River, the 25 de Abril Bridge, and the Christ the King statue, providing exceptional natural light and a unique atmosphere. The kitchen, also overlooking the river, is functional and well-organized, with two adjacent pantries ideal for extra storage. The bathroom with a window ensures natural ventilation and greater thermal comfort. The spacious living room allows for the creation of different environments, being perfect for hosting guests, having dinners together, or enjoying family gatherings. The building offers a calm and reserved environment, with only two apartments per floor. The apartment also has a practically independent entrance, providing additional space in the hall for storing shoes and personal items.

Although the property does not have private parking, there are always available spots nearby at any time of the day.

Located in a quiet residential neighborhood, with beautiful views and excellent proximity to Lisbon's tourist attractions and essential services.
