Property Description

A luxurious 10-room villa with a heated indoor pool and breathtaking views of Palmela Castle and the Arrábida Mountains – where comfort, classic style, and nature come together. With approximately 700 m² of high-quality construction on a 1,236 m² plot on the slopes of the Serra da Arrábida, this property combines sophistication, abundant natural light, and a true sense of freedom.

Each floor has been carefully designed to maximize light and functionality. On the main floor, the dining room and living area open onto a terrace with panoramic views, while the kitchen and winter garden add personality and elegance. The office and other flexible rooms can easily be adapted to additional bedrooms or a home office.

On the first floor, the master suite with a walk-in closet and three additional bedrooms, served by a full bathroom, ensure privacy and comfort. The fully utilized attic offers a balcony with privileged views of Palmela Castle, further enhancing the home's versatility.

On the lower floor, the office provides a peaceful space for work or study. The living area with a kitchenette is a versatile environment, perfect for hosting guests or relaxing in the heated indoor pool and jacuzzi, offering comfort in every season. The villa also includes a spacious garage, ideal for multiple vehicles or extra storage.

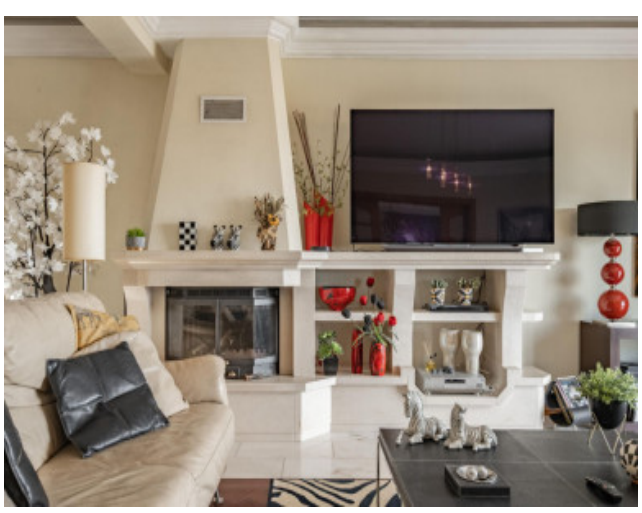

The outdoor space is an extension of the home's sense of well-being. The garden, split into two levels, combines tranquility and potential: the upper level invites moments of reading and quiet relaxation, while the lower level offers a large area ready for an outdoor pool, play area, or any other leisure space tailored to the new owner's preferences. Every detail of the property, from the design of the spaces to energy efficiency with a heat pump, solar panels, and rainwater collection, reflects quality, modernity, and sustainability.

Located in one of Palmela's most sought-after areas, this villa offers privacy and serenity, with easy access to schools, shops, services, and transport, including St. Peter's International School just 3 km away. Its proximity to the A2 ensures a quick connection to Lisbon, perfectly balancing convenience and quality of life. A property of this caliber is rare on the market – a visit reveals its full potential and charm.
