Property Description

Admist the historic streets of downtown Lisbon and the Tagus River, Stephens emerges once again. A unique project in a building dating back to 1767, it transports us through Pombaline history in every apartment.

The project features a carefully curated selection of 25 apartments, ranging from studios to 4-bedroom units, designed to recreate classic, elegant, and functional environments that adapt to the urban needs of contemporary living.

Stephens is a full-scale rehabilitation project signed by the renowned José Adrião Arquitetos studio, known for its award-winning interventions in historic buildings. The project honors the original architectural heritage, paying tribute to the British Stephens family, who resided there in the 18th century, with a minimalist vision thataccording to José Adrião'allows human essence to fill and bring life to each space.'

It is just minutes away from some of the city's most iconic landmarks, as well as a wide range of cultural attractions, renowned restaurants, sophisticated shops, and relaxing green spaceselements that define the true essence of Lisbon living.

Its proximity to the Tagus adds a touch of serenity to this urban setting, offering stunning views and refreshing riverside walks.
