Property Description

Set within the serene countryside of Boliqueime, this exceptional offering presents two striking contemporary villas where refined architecture meets effortless Algarve living. Designed to maximise light, space and privacy, each residence sits on a generous private plot of 980 m² and 1053 m², creating a sense of seclusion while remaining moments from the coast and key lifestyle destinations.

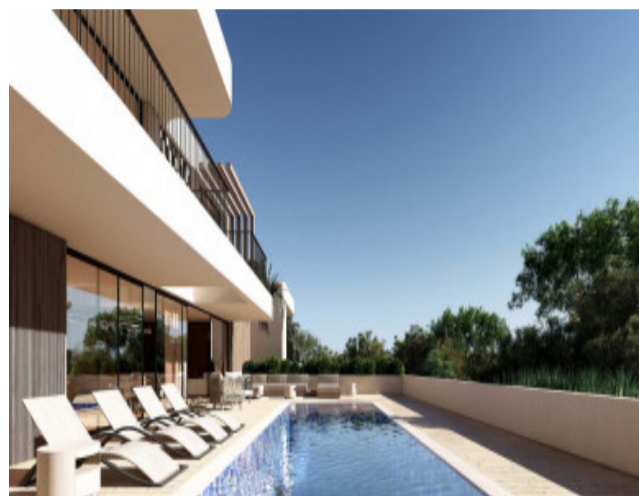

Each villa unfolds across three levels, thoughtfully designed to balance sophistication with functionality. Expansive open-plan living spaces flow seamlessly onto sun-drenched terraces and private pool areas, creating an ideal setting for both relaxed living and elegant entertaining. Four spacious bedroom suites provide comfort and privacy, while the basement level offers versatility for additional lifestyle features such as a gym, cinema or bespoke leisure space.

Offering a rare level of flexibility, the villas can be acquired individually or together, appealing to discerning homeowners and investors alike. Finishes can be tailored to individual tastes, and the developer is open to bespoke requests, allowing buyers to create a truly personalised home finished to the highest standards.

Perfectly positioned just minutes from Boliqueime, Vilamoura and the Golden Triangle, this is a unique opportunity to secure a contemporary home that combines tranquillity, design and long-term value. High-end finished villas are available from €1.7M each.

Disclaimer: All visuals, renders, plans and specifications are for illustrative purposes only and subject to change. The final design, finishes and layout will be agreed between the developer and the purchaser as part of the formal sales process. Any imagery should be viewed as indicative and an invitation for negotiation rather than a final representation. Construction of the villas will begin once one of the villas are bought.
