Property Description

Fully renovated 3 bedroom villa in Leça da Palmeira

House with 286 m², spread over two floors, completely renovated, with three bedrooms, two of which are suites, garden with 100 m² and parking for three cars.

Project by the architect Álvaro Fonseca, which combines the traditional design with a contemporary language, with a special focus on the entry of natural light and the fluidity between spaces. The interiors stand out for their quality finishes and a central staircase that articulates the social and private areas in a balanced way.

On the ground floor there is a social area, consisting of a living room and dining room with direct connection to the outside, a fully equipped kitchen, a suite, a bedroom and a full bathroom. The dining room has access to the garden with south/west orientation, ideal for al fresco dining and leisure time.

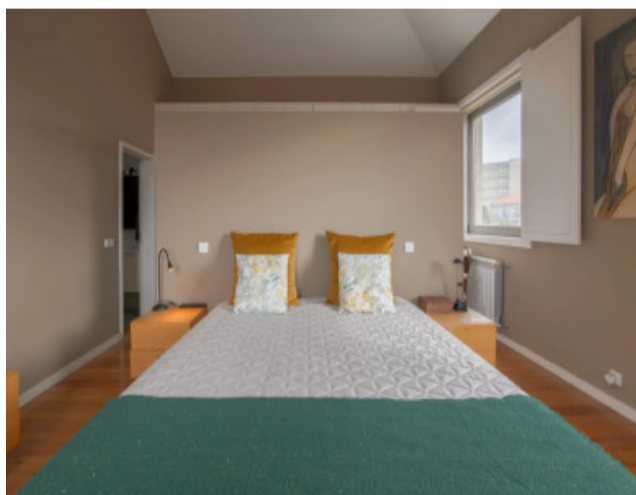

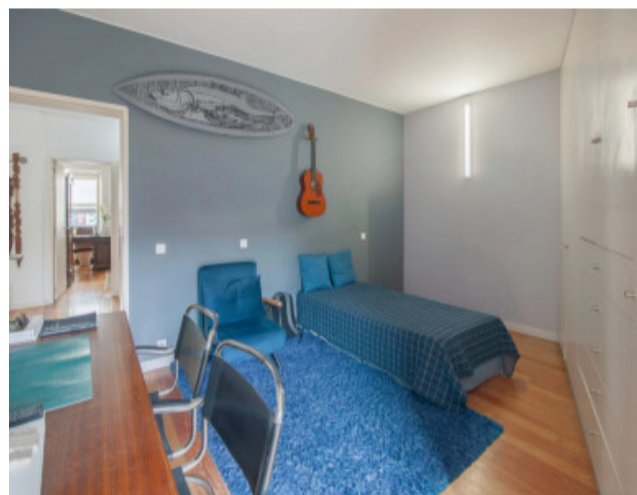

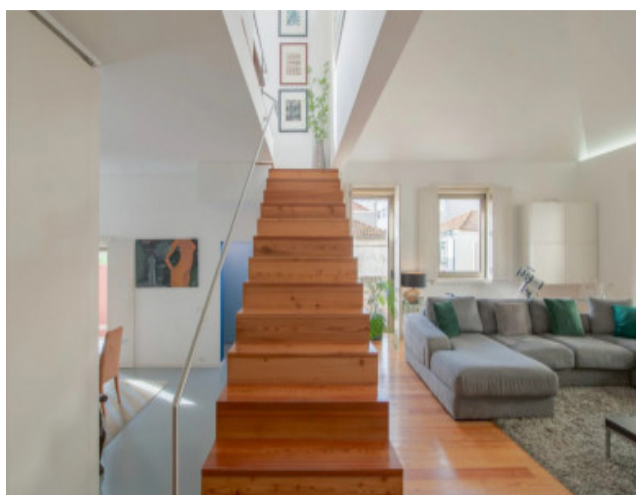

On the ground floor is the master suite, with closet and office area, ensuring privacy and comfort.

The property also has parking for three cars.

Located in the historic area of Leça da Palmeira, just a few minutes' walk from the beach and the waterfront, as well as recognised architectural landmarks in the region, this villa benefits from a unique setting that combines proximity to the sea, centrality and identity.
