Property Description

Companhia Aurifícia - a new block to experience Porto.

In the heart of the city of Porto, Companhia Aurifícia is born, a unique residential development that transforms a historic industrial quarter into a new concept of urban living, where heritage, contemporary architecture and quality of life coexist in perfect harmony.

Signed by the Ventura + Partners studio, led by the architect Manuel Ventura, the project is distinguished by the careful reinterpretation of the industrial memory of the space, preserving identity elements and integrating them into a contemporary, sophisticated and functional approach.

More than a residential complex, Companhia Aurifícia was conceived as a true urban community, integrated in a multifunctional complex that combines housing, commerce, restaurants, offices and large garden areas, creating a dynamic and balanced experience in the city centre.

The development is spread over four buildings and offers a wide typological diversity — from T0 studios to T4 apartments — adapting to different lifestyles and usage profiles. The apartments stand out for their well-organised areas, natural light, outdoor spaces and a strong connection to gardens and common areas.

The interiors were thought out in detail, with high quality materials and finishes, where wood, stone, aluminium and glass play a central role in creating elegant, timeless and sophisticated environments. Fully equipped kitchens with Bosch appliances and premium construction solutions enhance everyday comfort and functionality.

The exterior component also plays a differentiating role, through squares, pedestrian paths, water mirrors and large green spaces that promote tranquillity and coexistence, creating a rare residential experience in the heart of the urban centre.

Located between Cedofeita, Álvares Cabral and the Lapa area, it benefits from a central and highly consolidated environment, close to downtown Porto, metro, services, universities, commerce, culture and main accesses to the city.

A unique and identity project, designed for those who seek to live Porto with authenticity, sophistication and vision of the future.

Don't miss this opportunity, make your reservation now.
