Property Description

Set on a 350-hectare private estate, Aroeira Collections by Missoni is a new development that offers a privileged collection of homes that combine sophisticated design, integration with nature and quality of life.

Just 30 minutes from Lisbon and 10 minutes from the beach, the project integrates several types of products – Apartments and Villas – designed by different architects, with the possibility of living or delivering for exploitation on a tourist basis.

The Missoni brand, internationally recognised for its unmistakable style, signs the interiors, in a curated work with aesthetics and comfort as priorities.

On plot 569, surrounded by golf, there are 28 exclusive villas, with typologies from T2+1 to T5. They are located in a preserved area of Aroeira, forming a serene and almost isolated enclave. Designed by the architect Pedro Domingos, these villas are inspired by the Mediterranean tradition, with an architecture that dissolves the boundaries between interior and exterior.

Upon entering, a small difference in height leads to the social areas, large and bright, with open views of the surrounding landscape of fields, lakes and pine forest. On the lower floor, the bedrooms open onto private patios, each with a small pool, creating intimate and sheltered spaces ideal for relaxing in any season.

The development also includes a complete set of premium infrastructures, including a clubhouse, spa, sports fields and two PGA golf courses, surrounded by cliffs and sand dunes overlooking the open horizon of the Atlantic.

Owners can choose for residential use or to hand over the unit to tourist exploitation and enjoy their unit according to the chosen commercial package. The management of the tourist operation is ensured by a specialised professional entity, responsible for maximising the occupancy and profitability of the unit.

The villas at Aroeira Collections by Missoni combine an exclusive location with a lifestyle where design, nature and well-being coexist harmoniously. With quick access to restaurants, schools, services and cultural activities in Lisbon, this is a safe investment in one of the most privileged areas of the European coast.

At Aroeira Collections by Missoni, architecture embraces the landscape.
