Property Description

The Boss Gardens Development is the most recent project to emerge in the Paranhos area of Porto, surrounded by the main services, commerce, schools, sports activities and entertainment.

The Boss Gardens Development, with typologies ranging from T1 to T3, was conceived as a green refuge in the city, obtaining the maximum benefit of the outdoors for its residents. An extraordinary life experience awaits you together with your pets and/or children.

It offers a variety of apartments, each complemented by a private garden, contrasting with the surrounding urban hustle and bustle. The proximity of everything close to your home, your time acquires more value.

These are the reasons for the Boss Gardens Development to be located in Paranhos, one of the best residential areas in Porto. The excellent location and history combine perfectly for harmonious living.

An investment approved by the natural demand itself, by its possibility as a home or for rent, as Paranhos is part of the largest University Pole in Porto, which includes some of the most prestigious universities and colleges in the city.

Porto is a city that transforms its antiquity into modernity, assuming its cosmopolitan spirit.

Its bustling life brings together people, goods, services and brands from all over the world, being internationally recognised as a destination to discover and a preferred choice to live in.
