Property Description

Campo Alegre is the new residential development to be born in the vibrant heart of the city of Porto, next to the Hollywood neighbourhood, in a residential and culturally rich area, known for its tree-lined streets and houses of traditional architecture.

Campo Alegre is a development of contemporary architecture, with straight lines perfectly integrated into the surrounding gardens that envelops us in an atmosphere of golden times, distinct and timeless.

Comprising 2 duplex villas surrounded by gardens and an interior patio, which provide an increase of light throughout the house. And by 30 large and bright apartments, from typologies T1 to T5, with large balconies that function as an extension of the interior spaces and allow natural light to flood the interiors.

The use of sustainable materials of Portuguese origin and brands, efficient energy solutions and the constant presence of nature, make Campo Alegre the ideal choice for those looking for comfort and tranquillity in the city centre.

A high-end project with home automation, air conditioning, high-quality finishes, box parking, bicycle parking, social rooms, gym and wellness space, as well as private gardens.

Campo Alegre is part of an area characterised by the relationship between urban living and green spaces, facing the Porto Botanical Garden, next to one of the most prestigious neighbourhoods in Porto, the Hollywood neighbourhood.

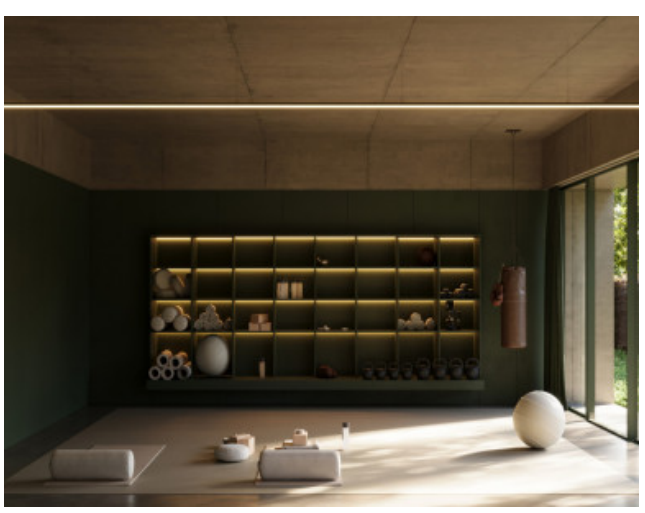

The ideal place to live and discover the best that Porto has to offer.

Don't miss this opportunity. Request more information now!
