Property Description

Set on a 350-hectare private estate, Aroeira Collections by Missoni is a new development that offers a privileged collection of homes that combine sophisticated design, integration with nature and quality of life.

Just 30 minutes from Lisbon and 10 minutes from the beach, the project integrates several types of products – Apartments and Villas – designed by different architects, with the possibility of living or delivering for exploitation on a tourist basis.

The Missoni brand, internationally recognised for its unmistakable style, signs the interiors, in a curated work with aesthetics and comfort as priorities.

Plot 566, open to nature, has 40 apartments of type T2 and T3, with the possibility of free use or tourist exploitation. These units are distinguished by having a subtle implantation in two horizontal structures, located between a gentle slope and a flat terrain, separated by an aromatic garden.

Designed by architect João Favila Menezes, they combine Missoni design with Portuguese modernist furniture. Outside, natural materials and earthy tones evoke the cliffs of Caparica, creating an organic relationship with the territory.

The development also includes a clubhouse, spa, sports fields and two prestigious PGA golf courses, surrounded by cliffs and dunes that open to the Atlantic. Here, the horizon is green and blue — and the lifestyle is marked by well-being.

Owners can choose for residential use or to hand over the unit to tourist exploitation and enjoy their unit according to the chosen commercial package. The management of the tourist operation is ensured by a specialised professional entity, responsible for maximising the occupancy and profitability of the unit.

With a privileged location, between the sea and Lisbon, and easy access to restaurants, theatres, schools and services, Aroeira is a destination of excellence, increasingly sought after by both residents and visitors.

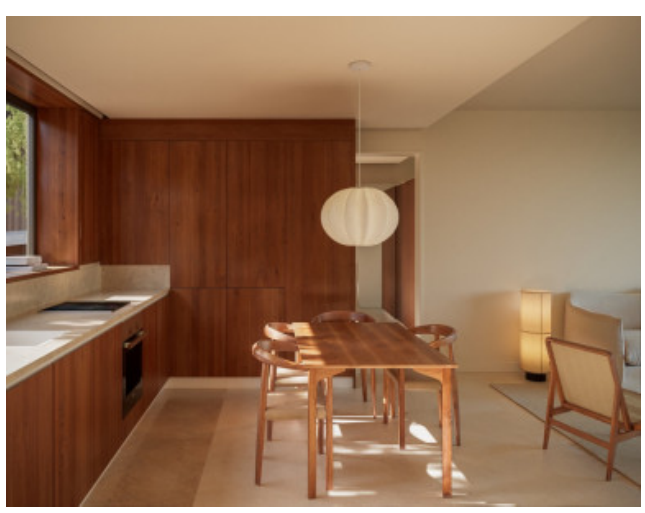

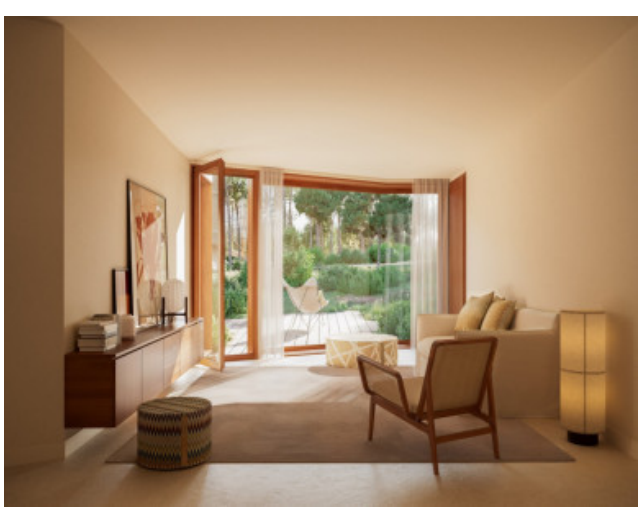

An investment with soul, Aroeira Collections by Missoni is surrounded by nature.
