Property Description

Set on a 350-hectare private estate, Aroeira Collections by Missoni is a new development that offers a privileged collection of homes that combine sophisticated design, integration with nature and quality of life.

Just 30 minutes from Lisbon and 10 minutes from the beach, the project integrates several types of products – Apartments and Villas – designed by different architects, with the possibility of living or delivering for exploitation on a tourist basis.

The Missoni brand, internationally recognised for its unmistakable style, signs the interiors, in a curated work with aesthetics and comfort as priorities.

On plots 567-568, the 24 two, three and four-bedroom villas, designed by the architect Pedro Domingos, stand out. Built with natural materials that reflect the spirit of the place, these houses don't just adapt to the topography — they take advantage of it.

Distributed between an interior road of the property and a forest area, the villas open onto small woods, creating a continuity between interior and exterior, as if the living room were organically extending to the landscape. The interior courtyards, surrounded by hedges and trees, reinforce this relationship with nature, while the project favours natural ventilation, the entry of light and barrier-free privacy.

In this concept, the boundaries are softened: each house is part of a set designed to promote coexistence and respect for the environment. Instead of walls and gates, plants, paths and gardens flow into the forest, creating a truly integrated living experience.

Aroeira Collections by Missoni is more than a place to live — it's a way of living in balance with the surrounding environment, with access to exclusive infrastructures such as a clubhouse, spa, sports fields and two PGA golf courses, with views over cliffs and sand dunes.

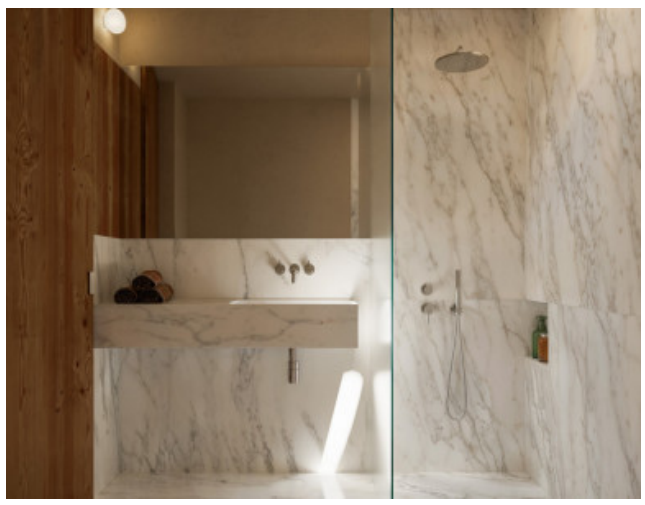

The strategic location, close to Lisbon and located on one of the most emblematic coasts in Europe, gives the project guaranteed appreciation and an incomparable quality of life.

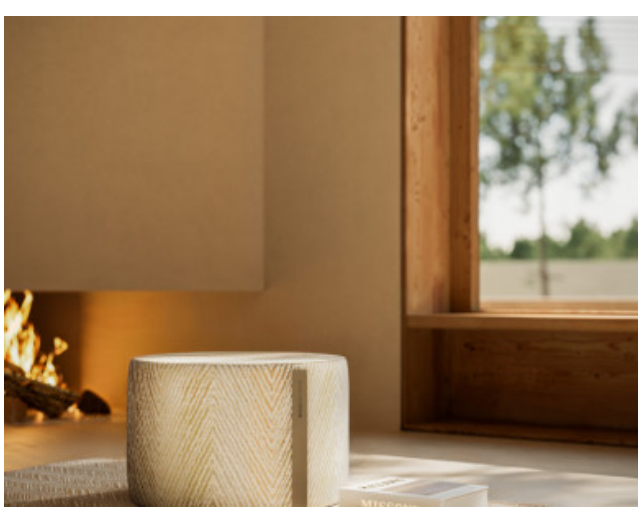

Live in harmony with nature and the Atlantic at Aroeira Collections by Missoni.
