Property Description

Set on a 350-hectare private estate, Aroeira Collections by Missoni is a new development that offers an exclusive collection of homes that combine sophisticated design, integration with nature and quality of life.

Just 30 minutes from Lisbon and 10 minutes from the beach, the project integrates several types of products – Apartments and Villas – designed by different architects, with the possibility of living or delivering for exploitation on a tourist basis.

The Missoni brand, internationally recognised for its unmistakable style, signs the interiors, in a curated work with aesthetics and comfort as priorities.

Plot 565 is located in the heart of the development with the Hotel building, which has 138 T1 and T2 apartments, designed by architect Ana Costa, from Atelier Daciano da Costa, with a detailed design approach to the various components of the building.

The building, carefully integrated into the landscape, was designed as a suspension bridge between the pine trees, with wooden mesh facades, floor-to-ceiling windows and Missoni interiors inspired by the colours of the ocean and the natural surroundings.

The infrastructures of Aroeira Collections by Missoni include a clubhouse, spa, several sports fields and two PGA golf courses, surrounded by cliffs and sand dunes overlooking the Atlantic. The entire project respects principles of sustainability, minimal intervention and enhancement of the territory and the local community.

Ideal for investors, the tourist exploitation model allows owners a temporary use of their unit, according to the selected commercial package, while the management of the operation and profitability is ensured by an operating entity, responsible for maximising the occupancy rate and profitability of the property.

Located between the pine forest and the sea, Aroeira Collections by Missoni offers a unique experience, where the proximity to Lisbon is combined with the serenity of a Mediterranean-inspired natural refuge.

Come and live between the blue of the sea and the green of the pine trees, at Aroeira Collections by Missoni.
