Property Description

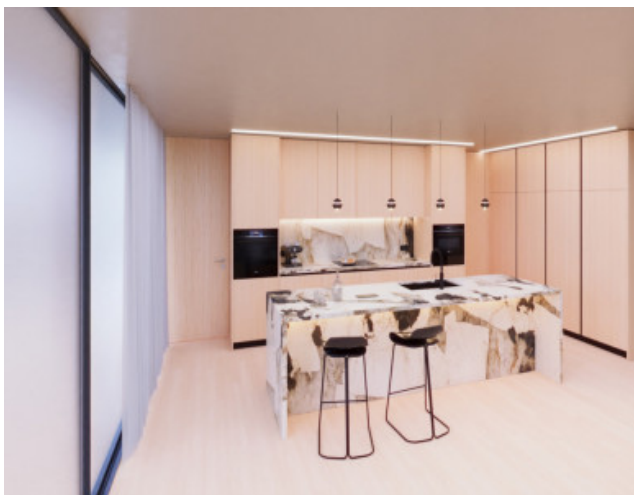

New Coral development in Foz do Porto, a building with only three apartments, which offers the privacy and tranquillity of a villa, with the comfort of a modern and functional flat.

Located in the prestigious Foz do Douro, the Coral development is surrounded by commerce, services and reference schools, all within walking distance. The proximity to the sea, the Douro River and the iconic Senhora da Luz area makes this location even more attractive.

In one of the most privileged areas of Porto, this is a development for those looking for discreet sophistication, proximity to the sea and a calm lifestyle, but full of purpose.

Every detail of the Coral development reflects a careful curatorship, where functionality and aesthetics go hand in hand. An urban refuge designed for those who value the harmony between well-being, location and quality of life.

It's the perfect setting for a life lived authentically.
