Property Description

Set on a 1,009 m² plot just a short walk from Porto de Mós Beach, this contemporary three-bedroom villa offers modern architecture, privacy and excellent access to one of Lagos' most desirable coastal areas.

Designed across two floors, the property combines clean architectural lines with high-quality materials and a strong connection between indoor and outdoor living. The ground floor features a spacious living room with generous ceiling height, flowing naturally into an open-plan kitchen fully equipped with premium appliances.

Also on this level is an en-suite bedroom, a guest bathroom, laundry room and closed garage. The main social areas open onto a welcoming terrace with a barbecue area, landscaped garden and large swimming pool, creating an ideal setting for relaxing, dining and entertaining outdoors.

The upper floor comprises two further en-suite bedrooms. The principal suite includes a walk-in closet, private bathroom and balcony with open views, while the second suite also offers generous proportions, built-in wardrobes and access to a private balcony.

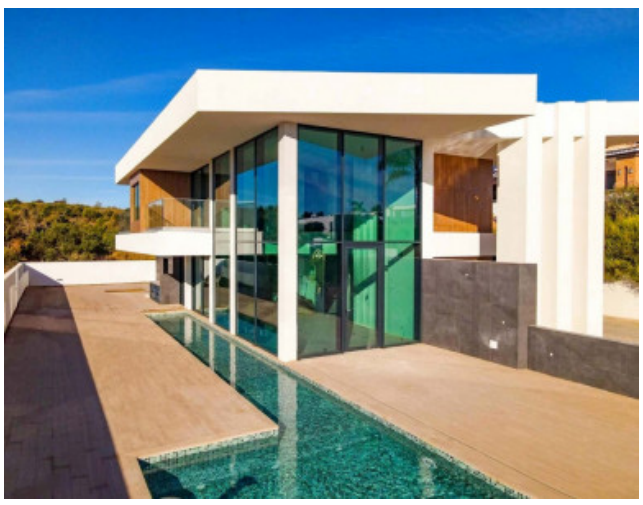

The villa has been carefully planned for comfort and efficiency, with underfloor heating, heat pump, solar panels and air conditioning in all rooms. There is also pre-installation for a smart home system, allowing future control of lighting, temperature and security.

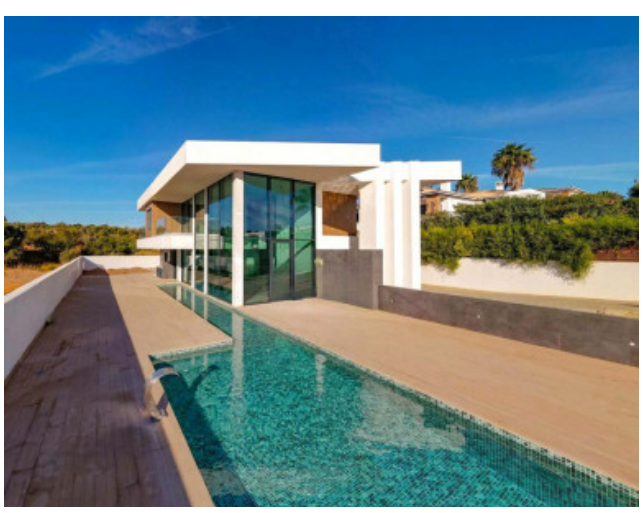

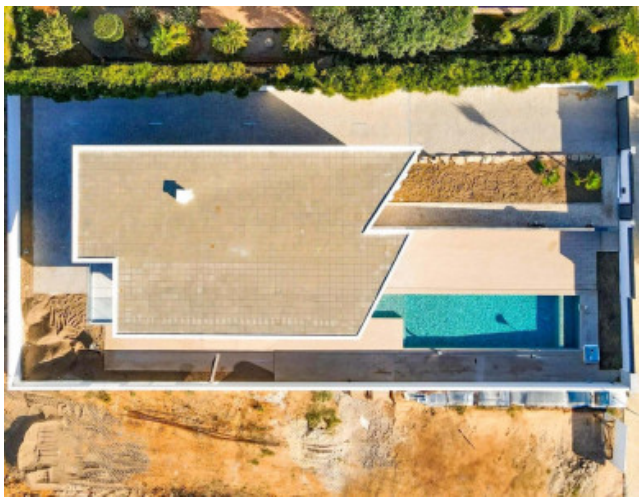

Located in Porto de Mós, one of Lagos' most exclusive coastal areas, the property is within walking distance of the beach, around five minutes from the historic city centre and less than ten minutes from several leading Algarve golf courses.

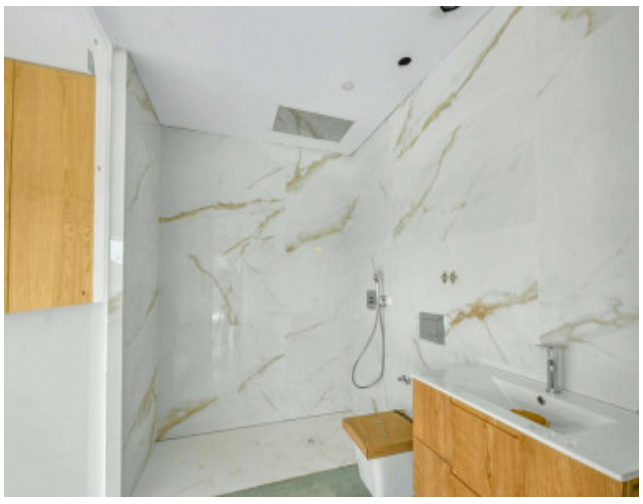

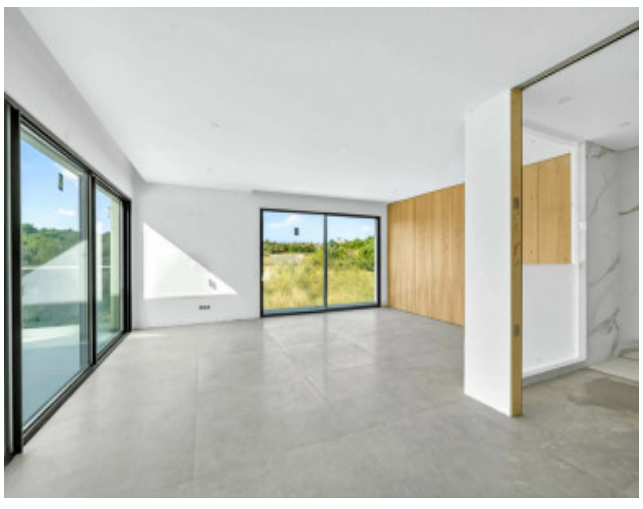

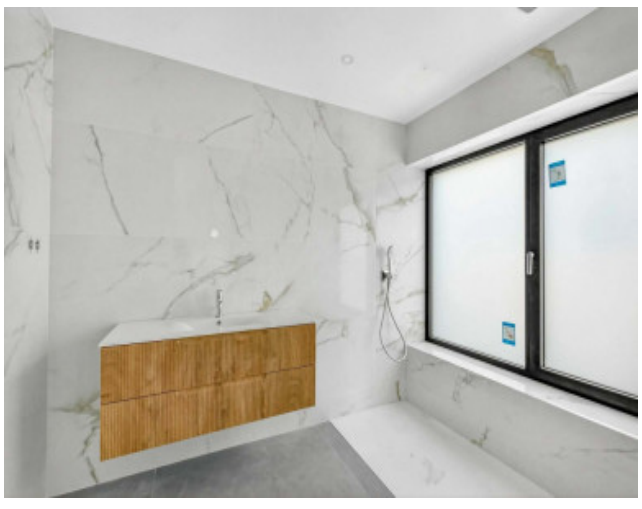

With its contemporary design, pool, garden and privileged beachside location, this villa is an excellent option as a permanent residence, holiday home or premium investment in Lagos.
