Property Description

Set on one of the most prestigious lakefront avenues in Quinta do Lago, this exceptional eight-bedroom residence enjoys a rare position with direct access to the lake and panoramic views stretching across the Ria Formosa Nature Reserve to the Atlantic Ocean. Designed by internationally renowned architect Vasco Vieira, the villa is a striking example of contemporary Algarve architecture, where clean lines, natural materials and expansive glazing create an effortless connection between the interior and its extraordinary surroundings.

A dramatic entrance hall leads into an elegant open-plan living space centred around a suspended fireplace, while floor-to-ceiling sliding glass doors frame uninterrupted lake views and open seamlessly onto beautifully designed terraces. The main living area flows naturally into a sophisticated dining space, an intimate television lounge and a bespoke Gaggenau kitchen, all thoughtfully arranged for both relaxed family living and large-scale entertaining. Outside, a series of covered terraces, sun-drenched decks and landscaped seating areas provide multiple spaces to enjoy the Algarve's year-round climate.

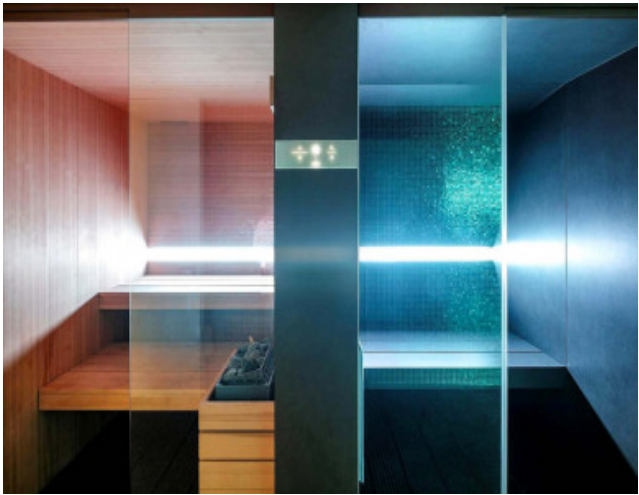

The accommodation comprises eight beautifully appointed bedroom suites arranged across three levels. Three guest suites are located on the lower ground floor, three further suites occupy the principal living level, while the upper floor is dedicated to two outstanding bedroom suites. The principal suite offers a true private retreat, complete with an expansive terrace overlooking the lake, while the second suite provides luxurious accommodation for family or guests, both benefiting from elevated views and exceptional privacy.

Crowning the residence is an impressive rooftop entertainment terrace designed to capture spectacular sunsets over the coastline. Featuring a plunge pool, outdoor bar, generous lounging areas and uninterrupted sea and lake views, it is an exceptional setting for entertaining or quiet relaxation.

The lower ground floor has been conceived as a private wellness and leisure sanctuary, offering every luxury expected of a residence of this calibre. Facilities include a state-of-the-art home cinema, games lounge, fully equipped gym, treatment room, heated indoor swimming pool, sauna, steam room, laundry facilities and an oversized double garage.

Finished to an impeccable standard with premium materials, bespoke detailing and cutting-edge technology throughout, this remarkable villa represents one of Quinta do Lago's finest contemporary homes. Positioned just moments from the championship golf courses, award-winning restaurants, golden beaches and the renowned lake, it offers an unrivalled lifestyle within Portugal's most exclusive residential destination.
