Property Description

At Pine Hills, much of life happens outdoors. This two-bedroom apartment has been designed accordingly, pairing 114 m² of generous interior accommodation with an exceptional 61 m² private terrace overlooking the landscaped gardens and swimming pool.

The result feels closer to a private resort residence than a conventional apartment.

The main living and dining room is bright and comfortably proportioned, opening directly onto the terrace and creating an easy connection between the interior and the gardens beyond. With ample room for outdoor dining and lounging, the terrace effectively becomes a second living space for much of the year.

Both bedrooms also open directly outside, allowing morning light, garden views and the Algarve climate to become part of the everyday experience of the property.

The fully equipped contemporary kitchen is positioned alongside the dining area, with a serving hatch maintaining a sense of connection while keeping the kitchen itself distinct from the principal living space.

Throughout the apartment, the emphasis is on space, light and uncomplicated comfort rather than excess.

Beyond the private terrace, Pine Hills is defined by its carefully maintained landscaped gardens and large communal swimming pool. The low-density setting gives the development a calm, established character, with the apartment enjoying views across the greenery and pool rather than towards an urban streetscape.

The property also includes a private storage room and dedicated parking space within the garage, adding the practical elements required for both permanent and seasonal living.

Its location places the apartment between some of Vilamoura's best-known golf courses and neighbouring Vila Sol, while Vilamoura Marina, beaches, restaurants and everyday amenities remain within easy reach.

For buyers looking for the convenience of an apartment without sacrificing outdoor space, the proportions are particularly compelling: 61 m² of private terrace alongside 114 m² of interior living space, within one of Vilamoura's most established residential developments.

A polished Algarve home designed as much for life outside as in.
