## Property Description

Building with 5 floors for refurbishment in Graça, located next to the Castle, this district is also known for spectacular views and is much enjoyed by residents and visitors. Two significant viewpoints, or miradors, draw people to their terraces.

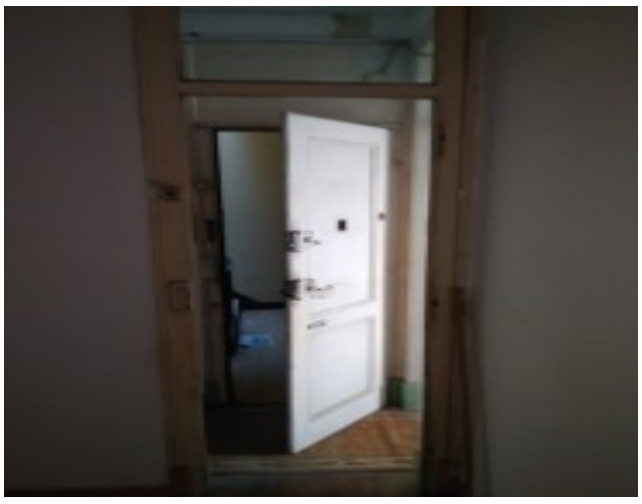

The Mirador da Graça's bistro tables fill during both day and night around a kiosk serving refreshments. Mirador da Senhora do Monte, higher up the hill, offers views of the Castle and views over the streets sloping down to the Tejo.
